

MD. RISHAD ISLAM

SENIOR FRONTEND DEVELOPER · REACT & NEXT.JS

[Gmail](#) | [GitHub](#) | [LinkedIn](#) | [LeetCode](#) | 01610130433 | Mirpur-10, Dhaka

CAREER OBJECTIVE

Passionate React developer with professional experience building scalable, high-performance web applications using React, TypeScript, Redux/Zustand, and .NET Core. Proven track record delivering full-stack enterprise portals at IDLC Finance with a focus on clean architecture, API integration, JWT security, and responsive UI.

PROFESSIONAL SKILLS

- **Frontend Technologies:** HTML, CSS, Tailwind, Bootstrap, JavaScript, typescript, React.js, Next.js (SSR · SSG · ISR · CSR), Redux, Context API
- **Performance:** Code Splitting, Lazy Loading, Memoization, React.memo, useMemo
- **Architecture:** Microservices, System Design, Clean Architecture, SOLID, Apache Kafka
- **Security:** JWT Auth, XSS & CSRF Prevention, Firebase Authentication
- **DevOps / Tools:** Docker, Git, GitHub, VS Code, Cursor
- **Concepts:** OOP, Agile/Scrum, Cross-browser Compatibility, Responsive UI

PROFESSIONAL EXPERIENCE

IDLC Finance LTD | Gulshan - Dhaka

April, 2024 - Present

Assistant Software Engineer

- **Bkash Portal:** <https://apps.idlc.com/bkash/>
 - Technology Used: Reactjs, Redux, tailwind, Dotnet, MySQL
 - Designed and developed the complete portal for bKash deposit account management at IDLC.
 - Implemented reusable, component-based React (TypeScript) architecture with Redux state management.
 - Integrated RESTful APIs with proper loading states, error handling, and JWT-based authentication.
- **Wealth Management App:** <https://apps.idlc.com/wmsalesapp/>
 - Technology Used: Reactjs, Zustand, tailwind, Dotnet, MySQL
 - Exposed secure RESTful APIs consumed by React web and external mobile applications.
 - Applied SOLID principles and Clean Architecture for maintainable, scalable codebase.
- **SME App:**
 - Technology Used: Reactjs, Redux, tailwind, Dotnet core web api, MySQL, crystal reports
 - My role is to design and develop the full projects. Manage database, develop backend logic with dotnet core 8 and design frontend with react redux tailwind.
- **SAM App:** <https://apps.idlc.com/collectionapp/>
 - Technology Used: Reactjs, Redux, Tailwind CSS, Dotnet, MySQL
 - Built responsive portal for SAM customers enabling daily and historical report viewing.
 - Optimized performance using lazy loading and memoization for smooth data-heavy views.
- **BS Portal for IDLC SL:**
 - Developed Express.js middleware layer handling JWT token integration and session security (XSS/CSRF hardening)
 - Worked as a front-end developer and developed the security part of the website in Express. Integrate token with JWT and develop full frontend with API integration.
 - Built full React frontend with complete REST API integration for daily and backdated reporting.

- Customer Support Engineer
- As part of my role, I address customer queries regarding software issues and provide resolutions when necessary

PROJECT

Brandiaga | E-Commerce Website

[FrontEnd \(user-github\)](#) | [FrontEnd \(admin-github\)](#) | [API - github](#)

- Act as a full stack developer (ReactJS, Redux, Material-UI, .NET Core 8 Web API, MySQL)
- Developed RESTful APIs with .NET Core 8 for product, order, and payment modules. Applied SOLID principles and optimized performance with Entity Framework and MySQL.
- Scalable full-stack e-commerce platform with secure authentication, real-time payments, and comprehensive product and order management.
- Familiar with e-commerce frameworks like nopCommerce and their architecture.

Donation Website

[Live Link](#) | [Github Link](#) | [Github Backend](#)

- Act as a full stack developer (ReactJs, Redux, ExpressJs, MongoDB)
- Developed a modern donation platform that enables users to explore charitable campaigns and contribute to social causes through a clean and user-friendly interface. The application focuses on transparency, accessibility, and efficient donor engagement.
- Campaign browsing and search functionality for donation causes
- Interactive UI showcasing impact metrics
- Structured sections for partnerships, impact statistics, and security assurance
- User-focused design with clear call-to-action for donations and support
- Responsive frontend ensuring smooth experience across devices

EDUCATION

Bachelor of Science in Computer Science And Engineering

3.40 OUT OF 4

United International University

2019 - 2023

Higher Secondary Certificate

4.83 OUT OF 5

Kurigram Govt College- Dinajpur Board

2018

Secondary School Certificate

5.00 OUT OF 5.00

Kurigram Govt High School- Dinajpur Board

2016
